

Magical Tapestry:

Weaving Our Individual Threads

What a bright and colorful cloth we weave when we nurture our individual threads and contribute them to the whole.

Carolina Spirit Quest is an Earth Centered Spirituality weekend at Camp Millstone, about 15 miles north of Rockingham, NC. We will emphasize building and celebrating the diverse community of Earth Centered people that inhabit the Carolinas region.

There will be **workshops, rituals, drumming, meals** together and **community building** activities. They are all designed to get us better acquainted and promote networking. **For a copy of the Information & Registration Packet, contact Larry with your postal address.** If you would like to vend your merchandise at CSQ 2000, contact Tim.

For more info visit our website at <http://www.rtpnet.org/csquest>
